

Mesta Organic, Uclés, Garnacha 2018

A juicy, fleshy unoaked red wine, showing great purity and typicity of high-altitude Garnacha vines full of vibrant red fruit flavours in a soft and easy style.

Producer Note

Mesta is a range of organically and sustainably grown single varietal wines, which stylishly showcase the Spanish wine revolution under the symbol of the Mesta. Mesta was a powerful alliance of sheep ranchers in medieval Castile, who controlled the cañadas: the traditional rights of way for migrating sheep. To this day the cañadas are protected from being blocked or built upon, a reminder of ancient rights and a model of coexistence with nature. This modern range, from the fashionable DO Uclés in central Castile, offers wines of great purity and varietal typicity.

Vintage

The 2018 vintage experienced a mild winter and wet spring, resulting in a delay in bud-break. However, an early start to summer accelerated flowering, which took place at the end of June. At the beginning of September the plants coped well with the high temperatures thanks to the moisture in the soil from the spring water reserves. With a more rapid maturation in this last section of the cycle, the harvest began 13th September.

Vineyard

The grapes are organically grown in high-altitude vineyards in the northernmost part of Central Castile, where the continental climate enjoys sunny days and cool nights. This diurnal temperature difference produces grapes with intense fruit and excellent varietal definition, while retaining remarkable freshness. The vineyards are sustainably managed as part of an integrated ecosystem and studded with century-old oak trees. Low annual rainfall results in low disease pressure, enabling the vines to be grown without the aid of fungicides. Fertilisers have never been used, only organic manure is applied and weed control is managed by a low, superficial tilling. Rain water is collected in a small reservoir and is used for drip irrigation in the case of extreme drought.

Winemaking

Grapes were picked in the early morning and immediately transported to the state-of-the-art winery. The berries were destalked, lightly crushed and fermented under temperature controlled conditions in stainless steel tanks. Post fermentation maceration lasted for eight to 10 days in order to achieve a perfectly balanced style without excessive extraction. The wine was made in an unoaked style to achieve a pure expression of the fruit.

Tasting Note

A juicy, fleshy unoaked red wine, showing great purity and typicity of high-altitude Garnacha vines from the heart of Spain. Expressive and well-defined notes of rich, red berried fruits and hints of violet are supported by supple tannins and excellent persistence.
